The power of One Day

A lot can happen in one day. A lot will happen on Kiwanis One Day, April 10, 2010:

Service

Kiwanis One Day projects aren't just token acts of goodness. Clubs worldwide have planned major activities that will change their communities. Collectively, those countless hours of hands-on service will make a difference in the world.

PR

These projects attract news media coverage.

Membership

People want to join clubs that are making an impact, and that's what Kiwanis One Day is all about.

Fellowship

With so much Kiwanis service going on, there'll be plenty of opportunities for interaction with Circle K, Key Club and other Kiwanis-family members.

To get the most of your Kiwanis One Day experience, plan now. If you submit your plan to Kiwanis International by January 15, your club's project will qualify to be considered for a KIWANIS magazine article or a professional video.

Committee's-see Bill Alsup for more details.
